

SPring-8 Campus Guide

★Facilities used for Cheiron School

★Public Relations Center (Lecture Hall)

Bus Stop for Shinki-bus SPring-8 ← Aioi, Himeji

★Guest House

★Guest House Reception

★Cafeteria & Shop Kirari

Utility Management Building

SPring-8 Users Office

Safety Office

★Main Building

★Storage Ring

Stockroom for Instruments

Storage Ring Annex West

Biomedical Imaging Center

TOYOTA Beamline Experimental Facility

RI Laboratory

Experimental Animal Facility

Main Gate

Seimon-mae

Water Supply System Building

Chuo-Kanrito

SPring-8

★XFEL Experimental Building

(Lecture Hall: used for afternoon classes on Oct. 11th)

XFEL Undulator Building

XFEL Accelerator Building

1 km-long Beamline Facility

Experimental Facility for SPring-8 Users

Structural Biology Facility

Synchrotron Radiation Physics Facility

Highthroughput Factory

★Houkou-kan (Farewell Reception)

Structural Biology Experimental Facility

Research Coordination Facility

Materials Science Research Facility

Hyogo-Prefectural Synchrotron Radiation Nanotechnology Laboratory

Transformer Facility

Machine Laboratory

Accelerator and Beamline R&D Facility

Hazardous Materials Storage

EUV-Laser

Experimental Facility

Experimental Drainage Treatment

1.5 GeV SR Facility "New SUBARU"

East Gate

Synchrotron

For Aioi / Himeji
